Dear Friend:

The Recall Campaign to remove Warnell Coats and Pat Johnson is again moving ahead. The Committee filed an adequate number of signatures in October to move the process forward. However, the County Board of Elections disqualified enough signatures to invalidate our petitions. We are still attempting to save those petitions, but because that may involve long and expensive court actions, we have decided to begin the process over again.

The Recall Committee needs your help in many areas, but this letter is specifically to request financial assistance. We must pay for printing of posters, flyers, and notices as well as finance mailings and other costs related to the recall. Please complete the form below and decide what is the maximum you can contribute.

Remember: East Palo Alto deserves better! Enough is Enough!

Make your contribution payable to the East Palo Alto Recall Committee.

Sincerely,

For Recall Committee
