10 January 1984

Mr. William Somerville
Executive Director
PENINSULA COMMUNITY FOUNDATION
P.O. Box 627
Burlingame, CA 94019

Dear Bill:

For a very long time, people have become aware of the seemingly inability or unwillingness of the public, private, and non-profit sectors to respond in a timely and/or well-planned manner to the critical human needs of communities of color and low-income.

Community-based organizations have stepped into the void by responding, sometimes dynamically and decisively, to the technological and sociological demands of the various peninsula communities.

I commend Target Education and Welfare Council, Incorporated, on its determination to develop a five-year operating plan. Use of an intern to collect data will assist the organization in providing the framework for preparation of its five-year plan which will enlarge its capacity to meet the spiraling present and future needs of peninsula communities.

I urge the PENINSULA COMMUNITY FOUNDATION to give consideration and, hopefully, subsequent approval to this request.

Sincerely,

(Mrs.) Barbara A. Mouton
