DATE September 29, 1982

TO: Hon. Arlen Gregorio, Supervisor

FROM: Marvin Church, County Clerk-Recorder 

SUBJECT: Petition to Include North of Euclid, West of Bayshore, In Proposed Reorganization of East Palo Alto

Recently, you submitted directly 18 sections of signatures of the subject petition to our office for checking. These sections contained the signatures of registered voters within Menlo Outside Precincts 444003 and 444004.

Our findings are as follows:

Of a total of 588 signatures, 493 were found to be valid signatures of registered voters in the above named precincts.

Of the 493 valid signatures:

409 were those of voters who were registered at the time they signed as petitioners.

84 were those of voters who registered after the time they signed as petitioners. In other words, they were not registered at the time of signing.

The remaining 95 were not registered, duplicates, or had been cancelled earlier this year during our Residency Confirmation.

We are returning the subject petition attached.
