Washington, D.C. 20515

Dear Mr. McCloskey:

Thank you for your letter of May 24, 1979 and support for the acquisition of the Ravenswood High School site for park and recreation purposes. The proposal was submitted to this office on May 17, 1979 by the State of California for financial assistance from the Land and Water Conservation Fund.

We concur that this project is unique and certainly has merit. You can be assured that in our review of the project proposal, we will consider your comments and justification as well as those received from the State and the Ravenswood Park and Recreation District.

We have requested additional information from the California Department of Parks and Recreation to assist us in reviewing our policy. We will keep you informed on the status of the Ravenswood project.

Sincerely yours,

John D. Cherry
Regional Director
