26 March 1982

Dear Friend:

As you read this, exciting things are happening in our community. These events will lead to the creation of the newest city in San Mateo County on 13 April 1982.

The events herald an unprecedented opportunity for the citizens of East Palo Alto; it will mean that decisions on planning matters, land use, programs, and dollars will be made right here in our own city.

It will require creative, innovative, and experienced leadership to address and meet the myriad challenges and opportunities in the critical period ahead.

I believe my experience and background makes me well qualified to provide this leadership. I truly believe my skills, commitment and enthusiasm will prove beneficial in helping direct our community in this challenging period.

I am a mother and grandmother. I have many years experience in the areas of human and community development; six years experience as an elected official during which I have built networks with other municipalities and county and state governments; and over 14 years administrative experience.

I will work diligently for:

- PROTECTION of our neighborhoods and the citizens who reside in them
- Fiscal RESPONSIBILITY, financial ACCOUNTABILITY
- OPENNESS in government to ensure public access to local decision making
- ENHANCEMENT of the beauty of our community
- Appropriate and planned DEVELOPMENT
- RESOLUTION and/or ELIMINATION of PROBLEMS no matter how entrenched they may seem

I solicit your voting yes on propositions A, B, C, and D. Each requires a YES vote.

I would be honored if you select me to be a member of the new city council on 13 April 1982.

Sincerely,

A handwritten signature in cursive script that reads "Barbara A. Mouton".

(Mrs.) Barbara A. Mouton
