THE BECKS REPORT PARENTS NURSERY

This is No. 2 in a series on the nature of the Constitution and the present crisis in the black ghetto.

My contention to this point is that the Constitution is inadequate in a period of rapid change--that the president can declare war and destroy half of the world, but that his hands are tied by politics in dealing with the domestic situation. Further, the Congress of the United States as presently constituted cannot and will not deal with the problems of the urban ghetto---whether these are the problems of the poor black or

the poor white... so far, so good.

There are many Black people who believe strongly in the Constitution, while there is a growing minority that doesn't believe it was drafted for the Black man. Those who believe in the constitutional process are being disillusioned daily--not the bad toughs, but the good guys.

A young Black man returns from Vietnam. He has put in his time. His time is characterized by distinguished service. At

present this young man, who made good grades in college as well as on the battle front in Vietnam, cannot get situated. When he goes to apply for a job, the man behind the desk makes no difference between the 'niggers' who have gone to Vietnam and those who have not. As a result of this mentality of the people who do the hiring for private industry, Black people are ruled out---Vietnam or not. Young men with military training begin to join the army of discontent. Your imagination can do the rest.

It is not the intent of the Becks Report to suggest that the cities will burn down, but rather that basic reforms are needed to make the difference for those who have been excluded as long as the country has existed.

Urban riots, rebellions, uprisings, etc. are illegal just as was the Boston Tea Party, or the American revolution as far as that matters. The point is that discontent must be dealt with in a creative manner once it has reached mass proportions as it has today. The powers that be are not physically threatened because any act against the state can be brutally crushed in an instant. It may or may not be political to crush opposition, but the machinery does exist.

The way out seems to be massive reforms:

1. Positive gerrymanders should be employed to allow more Black people in the legislative bodies. Negative gerrymanders have been applied for over a century to keep power out of the hands of the Black man.

2. Generous grants should be given to Black businesses even if they are traditional--whatever the businesses happen to be.

3. One hundred billion dollars a year is needed to tear down the ghettos and rebuild them.

4. Massive training grants should be given to young and old--the screening device should be motivating device should be motivation to advance.

The Ravenswood Parents' Cooperative Nursery School will hold its annual Open House Sunday, August 27, from 2 to 4 p. m. at the school (840 Donohoe, East Palo Alto). This open house is for interested families to visit the school facilities and meet some of the parents and teachers who will be involved in the fall program.

The school is entering its third year as a part of the Menlo-Atherton Adult School program. In the last three years the school has grown from two mornings a week with one teacher to five mornings a week with two teachers. In addition to the morning sessions where each mother involved spends one morning per week participating in the school program, there are two evening classes per month at Ravenswood High School for the parents. At these classes the parents discuss the children's behavior they have

observed while participating and learn how to be more effective in their roles as parents.

Because of its position as a part of the adult school program and due to its cooperative nature, the tuition for each family per quarter is quite inexpensive, thus enabling more interested families to have the opportunity to participate. Some scholarships are available.

For information call Mrs. Margaret Moore (321-4203) or Mrs. Karl Anselm (325-7689), as there are still openings for the fall program.

PALO ALTAN SHOT IN S.F.

A young man fleeing from the scene of a holdup shot it out with pursuing police in the Haight-Ashbury district late yesterday and was captured after he was wounded.

The suspect is Johnny Jackson, 21, of 120 Abelia street, East Palo Alto. Police said he held up a grocery store at Third avenue and Hugo street.

The officers chased him six blocks as he fled in a car which, they said, he had stolen. Then they ran after him on foot, with guns blazing. They said he fired at them twice.

CHARGES

Several witnesses said the policemen physically abused the suspect after handcuffing him. One witness, Ivo Buddeke, an electronics technician of 5 Cyrus street, was arrested after he loudly accused the policemen of brutality.

Police flatly denied all charges of brutality.

Buddeke was booked on charges of interfering with a police officer and inciting to riot. The policemen said he screamed obscenities at them while they were trying to quiet a crowd that gathered around the prostrate suspect.

According to police, Jackson held up the U.C. Market at 1251 Third avenue just after 5 p.m., scooped up several hundred dollars in cash and fled in a stolen car.

CHASE

Two policemen from Taraval Station, riding in a patrol car, picked up the radio alert for the fugitive and gave chase for six blocks, to 81 Carl street, where Jackson leaped from the car and fled

on foot.

The policemen, Leonard Sweetman and Gregory Beatty, reported that during the subsequent two-block chase they fired six warning shots at Jackson, and twice tried to bring him down because he kept running.

One bullet passed through his buttock as he tried to climb a fence on Parnassus avenue near Clayton street.

The officers said Jackson waved a .22 pistol at them and fired twice.

WITNESS

As Jackson lay handcuffed on a sidewalk, one witness, Frederick Roscoe, of 897 Clayton street, said he asked a policeman what was going on and was told, "You'd better get out of here or I'll hit you on the head with my club."

Roscoe is the owner of the Discovery Bookstore in North Beach.

Another witness, Reubin Scott, 16, of 1120 Cole street, said a policeman pushed Jackson's face into the sidewalk and muttered, "This is not all you're going to get."

CROWD

Dozens of adults and children gathered around the suspect. Police removed him to the apartment of Noan Rand at 22 Parnassus avenue.

Jackson was taken to Mission Emergency Hospital, where attendants reported his wound was superficial, and that he had no serious bruises that could have resulted from beatings.

WELFARE RIGHTS

The Welfare Rights Organization will meet on August 17, Thursday evening at 7:30 at INFO Center located at 1849 Bay Road.

All low income persons as well as welfare recipients are urged to attend this meeting. Some very vital issues will be discussed at the meeting as well as an exploration of the welfare manuals in order for us to fully understand our rights as guaranteed by law. There are ways by which recipients may receive extra funds to meet special needs such as; beds, washing machines and other kinds of furnishings.

We have on hand several copies of the introductory booklet 'How Much Do You Know About the Welfare Program.' These are free of charge to those of you who attend the meeting.

There will be a discussion of certain aspects of the food stamp program and those of you who are utilizing this program will be encouraged to express your satisfaction or dissatisfaction with that program, also suggestions as to how it could be more effective in terms of our needs. There are various committees which attempt to deal with various problems. We encourage you to come out and do your share. Bring the Children.

STUDENT HEALTH ORGANIZATION

The Student Health Organization, in an effort to assist the Summer Day School Project and study the health needs of East Palo Alto; has assigned six of its members to the area for the summer.

Under their proceptors Bob Hoover and Syrtilla Kabat, the students have been teaching classes in Health Care at Ravenswood High School. In addition they are working on several other projects in the area drug prices are being compared at different Pharmacies so that savings can be passed on to the community; the white community is being studied at the request of Mr. Hoover. It is hoped that the health needs and other interests of this segment of the E.P.A. population will be the study. Also at Hoover's request the students have been in touch with Dr. Pall O'Rourke, the director of the proposed E.P.A. Health Clinic and have volunteered their assistance to him.

A Health Rights pamphlet is in the works and should be helpful in letting the community know what is available to them.

The Student Health Organization has projects operating this summer in New York, Chicago, and throughout the state of California people have been placed in urban centers.

HAUGABOOK BLAST EPA REBEL GROUPS

"It's not the H. Rapp Browns, the Stokely Carmicheals, the Adam Clayton Powells or the Floyd McKissicks who advocate violence in blackghettoes stated James Haugabook, vice-president of the South San Mateo County Branch of the NAACP, commenting on the recent election of the Community Action Council, which passes on proposals to the Human Resources Commission at the local level.

He stated that if violence occurs in the East Palo Alto, East Menlo Park areas, or in those area surrounding the community, the following are to blame: racism, white supremacy and taxation without representation at the county government level.

Enlarging on this theme, Haugabook continue "The CER, OICW, moderated, racists, Uncle Toms or whatever they call themselves took another step backward and added more misery and hopelessness to the Black Community when they held their secret meeting at the home of Mrs. Lilliam Meadows on August 9. (Mrs. Meadows is a newly elected member of the Community Action Council). This meeting was not held solely for social reasons as was claime, "he stated "but rather to elect officers for the new CAC. This was a deliberate attempt to exclude the community from the War on Poverty and a violation of the Brown Act."

Haugabook stated that although Rev. Lester Robinson of Menlo Park was elected chairman of the new CAC Board at the secret meeting, he claimed at the Human Resources Commission on August 10th, that the secret gathering was a get acquainted affair, and that no business was conducted. However another newly elected member of the CAC, Mr. Isreal Harris, vigorously denied this statement. "Mr. Harris accused Rev. Robinson of lying," said Hauguabook, "and stated that there was business conducted at the secret meeting and that officers were elec-

ted. No one has come forth to deny Mr. Harris charges," said Haugabook

He pointed out that above information, plus some 2000 signatures obtained by the Welfare Rights Organization of San Mateo County, made up of poor people, petitioning for a recall on the basis of discrepancies in the recent election, which included a lack of attendance by poor people of the area due to poor publicity, were not enough to con-

vince the Human Resources Commission, moved that the petition of the poor people of the area dur to poor publicity, were not enough to con- poor be denied. However, the Commission later voted to table the petition until its meeting next month.

SHERIFF'S BULLETIN

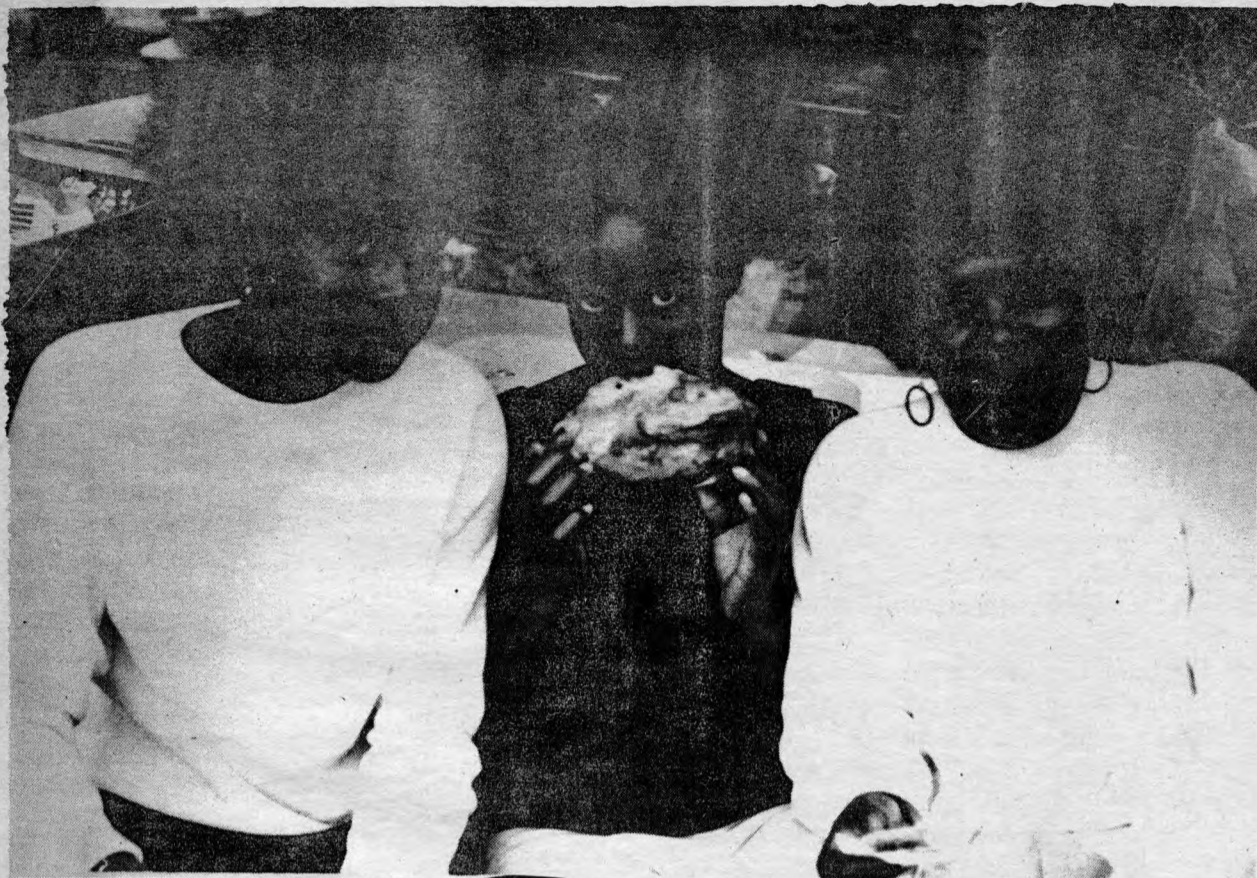

Sheriff Earl B. Whitmore is shown presenting a check for \$200.00 to representatives of the Ravenswood Little League Team. This team is the recent winner of the Northern California Little League Playoffs. They depart on Monday, August 14, 1967 for Inglewood, California for the Western Division Playoffs, and when they win (hopefully) they will go to Pennsylvania for the National Championship Playoffs.

The check is from the San Mateo County Sheriff's office youth fund, which contributes to various youth activities throughout San Mateo County. In the past year, the fund has sponsored five Little League teams, explorer scout and other youth activities. This check for \$200.00 will be used to purchase jackets for the team members, and the extra funds will provide spending money for the team during their stay in Southern California. Arrangements are being made for the team to visit Disneyland, Marineland and other points of interest.

Shown in the picture are: L-R Fred Carlton Sheriff Whitmore, Lewis Turner. Knelling L-R Chris Simon, Ernest Carlton and Irbin Brown

President Turner is acceptin the check from Sheriff Whitmore. Manager Carlton and Coach Ollie Townsend will accompany the team on their trip.
