Raices de Mexico
c/o Ruben Avelar
804 Bell St.
East Palo Alto, CA 94303

May 2, 1985

Ruben,

Here it is! Payment at last! Thanks for being so understanding and of course, for your excellent performance. We had over 140 people view and participate in the Cinco de Mayo program and your group was certainly responsible for the high turn out we had.

On another note, the film Dances of Mexico will be circulating through the county library system until Tuesday May 21, 1985. Arrangements for use require a current library card and reserving the film through the PLS film center at tel. #349-4444.

Upon commenting on the successful Cinco de Mayo program hosted at the East Palo Alto library at a children's meeting today, many other librarians requested information about Raices de Mexico. I volunteered to write down information about your group for inclusion in the program section of our children's manual which is a resource for programming throughout San Mateo County.

The write up should include specific information related to price, number of performers and length of programs you can present. I did mention that your price range was \$50 - \$100 depending on how many performers etc. Making a price scale tied to performers and program lengths would be helpful to librarians. Also including a telephone number and/or address where you can be contacted would be necessary.

I also suggest, as your group is apt to be performing more and more publically and because you are a graphics artist, to produce publicity (flyers etc.) that hosting organizations can use in publicizing your group. If I don't hear from you soon (2 weeks?) I will assume that the information I have is all you are interested in supplying (i.e. 5 couples, numerous dances and 2 different age ranges for the dancing groups with the fee negotiable).

Thanks again for doing the program here and we look forward to inviting your group, Raices de Mexico to perform here again in the near future.

Sincerely,

Aama Nahuja Ya Lomotey
